PLANNING AND ZONING BOARD
MINUTES
MAY 28, 2015
7:00 PM

1. CALL TO ORDER

Chair Lindsay Lecour called the meeting to order at 7:32 pm.

2. ROLL CALL

Recording Clerk Frantza Duval called the roll with the following members present: Chair Lindsay Lecour, Vice Chair Jacob Kligman, and Board Member Moisha Rubenstein. Board Member Peter Glynn and Board Member Armando Castellanos were absent. Liaison, Commissioner Cohen was absent.

3. APPROVAL OF MINUTES: APRIL 30, 2015

Board Member Rubenstein made a motion to approve. The motion received a second from Vice Chair Kligman and all voted in favor with Board Members Peter Glynn and Armando Castellanos absent.

4. ORDINANCES:

1. AN ORDINANCE OF THE TOWN COMMISSION OF THE TOWN OF SURFSIDE, FLORIDA AMENDING "SECTION 90-36 VARIANCES"; SPECIFICALLY AMENDING "90-36.1 GENERAL VARIANCES" TO MODIFY THE CODE TO PROVIDE FOR A PRACTICAL DIFFICULTY VARIANCE; PROVIDING FOR INCLUSION IN THE CODE; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH; AND PROVIDING FOR AN EFFECTIVE DATE.

Recording Clerk Frantza Duval read the title of the ordinance.

Town Planner Sinatra presented the item. For the record, she read a statement from Commissioner Karukin which asks that the Planning and Zoning Board be made aware of some of the discussion held at the Commission Meeting May 12, 2015 regarding this ordinance. Planner Sinatra presented a summary of some concerns discussed.

- (1) address the limitations which include a failsafe so it cannot be abused;
- (2) address a concept of least amount necessary to cure the hardship;
- (3) permit a practical difficulty hardship only once per property;
- (4) offset on the second floor square footage by anything gained on the first floor;
- (5) to include a one story limitation for properties already granted a practical variance ordinance.

Board Member Rubenstein took into account Commissioner Karukin's concern about changing the character of the town. However, he does like the language of the ordinance and feels it is very succinct.

Vice Chair Kligman said we should address the five items discussed by the Commission. The Board went over the five items and they will look at applications with a critical eye. On Item 3 the Board would like to include a maximum of 50% lot coverage in the language. There was much discussion on Item 4 as well as landscaping and the Board does feel there should be an offset included in the language and perhaps request additional conditions. Town Planner Sinatra has direction to modify the ordinance with a 50% limitation and two out of the three Board members suggested the Commission revisit the second floor offset. Board Member Rubenstein did not feel the offset was necessary.

Vice Chair Kligman made a motion to add language clarifying the 50% maximum. The motion received a second from Board Member Rubenstein and all voted in favor with Board Members Glynn and Castellanos absent.

Vice Chair Kligman made a motion to suggest the Commission revisit the second floor offset. Passing the gavel, Chair Lecour seconded the motion. The motion passed 2-1 with Board Member Rubenstein in opposition and Board Members Glynn and Castellanos absent.

Vice Chair Kligman made a motion to move forward to the Commission with above recommendations. The motion received a second from Board Member Rubenstein and all voted in favor with Board Members Glynn and Castellanos absent.

2. AN ORDINANCE OF THE TOWN COMMISSION OF THE TOWN OF SURFSIDE, FLORIDA AMENDING CHAPTER 90 "ZONING", AND AMENDING "SECTION 90-54 ACCESSORY BUILDINGS AND STRUCTURES IN THE H30A AND H30B DISTRICTS"; AND SPECIFICALLY AMENDING SECTION 90-54.7 RELATED TO SHEDS; PROVIDING FOR INCLUSION IN THE CODE; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH; AND PROVIDING FOR AN EFFECTIVE DATE.

Recording Clerk Frantza Duval read the title of the ordinance.

Town Planner Sinatra said at the last Commission meeting language was added regarding landscaping and now reads "provide landscaping if not already provided." Chair Lecour also had a grammatical change to the ordinance to read "applicant provide landscaping if not already provided."

Board Member Rubenstein made a motion to move forward to the Commission with above amendment. The motion received a second from Vice Chair Kligman and all voted in favor with Board Members Glynn and Castellanos absent.

5. DISCUSSION ITEMS:

A. Prioritize future agenda items

Town Planner Sinatra gave an update.

Chair Lecour said single family homes and corridor analysis should be at the top of the list. The Board also wants tree canopy/streetscape to be a priority. The Board asks they get an update on the parking/traffic item.

6. ADJOURNMENT.

TOWN OF SURFSIDE

Revised Commission Communication

Agenda Item #

From: Commissioner Michael Karukin

Agenda Date: June 9, 2015

Subject: Amendment to Section 90-51. Maximum frontage of buildings

For your consideration:

This item is a request to reduce maximum continuous wall frontage from 270 feet to 150 feet in H30C and H40 zones that fall within the Moderate High Density Residential area as defined in the Future Land Use Section of the Comprehensive Plan policy 1.1 (see Attachment "A" map FLU-7).

Background:

Up until 2008, the maximum wall frontage varied depending on zone from 50 feet to 150 feet.

After 2008, that restriction was removed, essentially permitting wall frontage to be based on the length of a city block (e.g., 600 feet less the setbacks).

In 2012, a request to reinstate a maximum continuous wall frontage of 150 feet was not approved.

As a compromise, on January 15, 2013, the Town Commission adopted Ordinance No. 13-1597 approving a limit of 270 feet, which at the time seemed reasonable and avoided other complications.

On September 9, 2014, the Town Commission adopted Ordinance No. 14-1625A to provide greater separation between building towers by limiting the height of a 270 foot long platform to 30 feet and limit towers to 150 feet in length.

Now that those regulations were applied to a number of new projects, 270 feet maximum continuous wall frontage still creates a massing effect that is out of scale and character for these zoning districts.

Therefore, to reduce the massing effect created by a 270 foot maximum continuous wall frontage, I ask the Town Commission to reduce that number to 150 feet.

With permitted densities, and the likelihood of east west property aggregations, if this item is not passed, I believe there is a risk of more large scale buildings in the Moderate High Density Residential area. This is the “corridor” of Collins to Harding from 93rd to 88th street.

A map of the affected area and a tracked changes version of the current code are provided below to show where the reduction would apply (e.g., H30C, H40). Land use is not affected by this proposal.

The proposed revisions to the Code are as follows:

Sec. 90-51. - Maximum frontage of buildings.

Tracked changes version of impacted code.

90-51.1 Continuous wall frontage shall ~~not exceed 270 feet and~~ be articulated as follows:

- (1) *H30C*: Shall not exceed 150 feet. For every 50 feet, a minimum three-foot change in wall plane.
- (2) *H40*: Shall not exceed 150 feet. For every seventy-five (75) feet, a minimum six-foot change in wall plane.
- (3) *H120*: Shall be limited to a ~~For every 100 feet, a minimum six-foot change in wall planes. The change shall be either vertical or horizontal. The maximum of 270 feet of continuous wall frontage in is limited to a~~ building platform no greater than 30 feet in height. This platform may

contain habitable and non-habitable spaces. For every 100 feet, a minimum six-foot change in wall planes shall be required. The change shall be either vertical or horizontal. Buildings are permitted above the 30 foot high platform and shall be subject to the following:

- a) A tower above the platform shall provide a continuous wall plane no greater than 150 feet in length with a minimum six-foot vertical or horizontal change in wall plane.
 - b) The distance between more than one tower located on a platform shall be a minimum of 40 feet.
 - c) If a platform is provided, the side setbacks of any tower shall be a minimum of 20 feet from the setback of the platform.
- (4) Structured parking garages: see section 90-49.4

RECOMMENDATION: Town Commission approve the attached Ordinance amending Section 90-51.1 to provide further limitations on the maximum continuous wall frontage.

Future Land Use (2030)

Note: The Center for the Town of Surfside defines the eastern town boundary as the low water line of the Atlantic Ocean, which is a non-locatable line. Therefore, based on conditions of title, erosion or accretion the eastern boundary may shift.
