Chairman Michael Feldman and
Board Members
Retirement Plan for Employees of the
Town of Surfside
Surfside, Florida 33154

We are pleased to submit to you a copy of the Comprehensive Annual Financial Report (CAFR) for the Town of Surfside Retirement Plan for Employees of the Town for the fiscal years ended September 30, 2011, and 2010. This report is a full and complete disclosure of the structure and financial status of the Plan. It has been prepared by the Town's Finance Department in accordance with accounting principles generally accepted in the United States of America established by the Governmental Accounting Standards Board (GASB). Town management is responsible for the accuracy of the data and the completeness and fairness of its presentation including all disclosures.

The CAFR is divided into five sections. These sections are described below:

Introductory Section - includes this Letter of Transmittal, which includes a description of the Plan's administrative structure, a summary of major Plan provisions and a listing of the Board members (Trustees), and Pension Consultants.

Financial Section - includes the independent auditor's report, Management's Discussion and Analysis, financial statements for the Plan and certain required supplementary information related to the Plan.

The Management's Discussion and Analysis (MD&A) (starting on page 5) summarizes the Statement of Plan Net Assets and Statements of Changes in Plan Net Assets and reviews the changes from the beginning to the end of the current year to the two prior years. The actual financial statements (in detail) are presented on pages 9 and 10. Also, presented in the MD&A on page 7 is a discussion of the funding status and a schedule of the Funded Progress Ratio showing the five previous years.

Investment Section - includes the investment activity report, a summary of investment policies, and reports related to investment performance and various other investment related schedules of the Plan.

Actuarial Section - contains the consulting actuary's Certification Letter as well as the results of the annual actuarial valuation report for the Plan.

Statistical Section - includes trend information that is considered statistical and/or financial in nature.

Plan History and Description

The Retirement Plan was established by a Town Ordinance approved by the Commission and became effective January 1, 1962. The benefit provisions, amendments thereto, and all other requirements are established by Town Ordinance.

The Plan is a contributory defined benefit single-employer retirement plan covering substantially all employees of the Town of Surfside.

The employee contributions originally were established at 5% with a benefit rate of 1-2/3% of average final compensation multiplied by the number of years of service. The maximum benefit allowable was established as 60%. Effective January 1, 1980, members had the option to increase their contributions to 7% of compensation to receive increased benefits. All employees hired subsequent to January 1, 1980, had the irrevocable option to contribute either 5% or 7%. For members who elected to contribute 7% the benefit rate was increased to 2% of the average final compensation multiplied by the number of years of service after January 1, 1980.

Effective July 1, 1996, employees were given the option to increase their contributions to 8%. For all members who elected to increase their contribution rate to 8% the benefit rate was increased to 2-1/2% for all service rendered after July 1, 1996.

Employee contributions were reduced to 6% for all employees previously contributing 7% or 8% effective February 1, 2003. The accrual rate was increased to 2.5% for all creditable service rendered after that date. Employees previously contributing 5% were given the one-time option to continue contributing at the 5% rate with an accrual benefit of 2%.

The maximum benefit allowable for general employees is 60% of the average final compensation (the average of five years for General Employees). Effective October 1, 2006, the maximum benefit allowable for Police Officers was increased to 90% of the average final compensation (the average of three years for all Police Officers). Police officers contribute at the rate of 8% of pensionable wages with a benefit accrual rate of 3.5% effective October 1, 2006.

Vesting in the employer contributions and earnings begins after achieving five years of credited service at 50% with 10% vesting for each additional year until reaching 100% vesting upon attaining ten years of credited service for all general employees. Effective October 1, 2007, the Plan was amended whereby Police Officers are 100% vested after five years of credited service.

If a member terminates employment prior to attaining vesting rights, the member receives a refund of contributions plus interest at the rate of 4% per annum.

The Town established a Deferred Retirement Option Program (DROP) for Police Officers and dispatchers only. Eligibility is the attainment of normal retirement date with a maximum period of participation in the DROP of five years. An employee's account in the DROP program is to be credited with interest based upon the actual Fund investment return. No payment may be made from the DROP until the employee actually separates from service from the Town.

The Town's funding policy provides for annual actuarially determined periodic contributions at rates that, for individual employees along with the employees' contributions, increase gradually over time so that sufficient assets will be available to pay benefits when due.

The Plan provides for a 1.5% automatic annual cost of living benefit increase for all current and future retirees, disableds, beneficiaries, and vested terminated members who have been retired at least one year.

Normal retirement for members who are sworn Police Officers is upon the completion of twenty years of creditable service and the attainment of age fifty-two or upon the completion of twenty-five years of creditable service.

All other members may retire at the age of sixty-two with 15 years of service, or at age 65 and the completion of ten years of creditable service.

Eligibility for early retirement is the earlier of age 55 and 15 years of creditable service or 20 years of creditable service regardless of age.

Disability Benefits

Members who become totally disabled as a direct result of performance of service to the Town shall receive benefits at the rate of 75% (if injury) or 45% if the disability is not the direct result of physical injury, at the rate of pay in effect on the date of the disability payable for life or until recovery.

Change in the Tax Treatment of Employee Contributions

The Town Commission passed an Ordinance, which became effective January 1, 2009, to change the tax treatment of employee contributions from post-tax to pre-tax contributions.

Plan Administration

The Plan is a single employer defined benefit plan covering substantially all employees of the Town of Surfside. The administration and responsibility functions for the Plan are vested with the Pension Board of Trustees. The Pension Board includes two Town residents who are appointed by the Town Commission, the Town Manager, one member of the Police Department who is elected by that department, and one general employee who is elected by the general employees. One of the members appointed by the Town Commission serves as the Chairman of this Board of Trustees.

The Board has a fiduciary responsibility to the Plan and its participants and, as such must exercise prudent judgment in its oversight and administration of the Trust Fund.

The Pension Board of Trustees meets at least quarterly with its Performance Measurement Consultant, and the Investment Manager. Additionally, the Board employs an enrolled Actuarial Consultant (the "Actuary") to perform the annual actuarial valuation of the Plan to determine the funded status, current funding requirements and to monitor trends related to assumptions, expectations, and actual results.

The Actuary presents the Actuarial Valuation to the Board of Trustees on an annual basis.

Board Action

During the year, the Pension Board closely monitored the portfolio performance and targeted asset allocations. The Board reviews the Investment Policy on a periodic basis to determine the propriety of the asset allocations. The Board approved an Investment Policy which became effective January 1, 2010. This investment policy increased the allowable investments percentage in equities from fifty percent (50%) at cost to sixth-five percent (65%) at market value. The balance is to be maintained in cash, mutual funds, and bonds.

FINANCIAL INFORMATION

Controls

In developing and evaluating the Plan's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the following:

- Safeguarding of assets against loss from unauthorized use or disposition; and,
- Reliability and adequacy of the accounting records.

The concept of reasonable assurance recognizes that the cost of controls should not exceed the benefits likely to be derived. Reasonable assurance also recognizes that valuation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. The Plan's internal accounting controls adequately safeguard assets and provide assurance that financial transactions are properly recorded.

Assets, liabilities, revenues, and expenses are recorded using the accrual basis method of accounting. Revenues and expenses are recorded when earned or incurred, regardless of collection or disbursement. The Plan is actuarially evaluated using the entry age normal method.

Revenues and Expenses

Revenues essential to the sound funding of the Plan are from contributions and net investment earnings. Contributions are made to the Plan from the following:

Budgeted Town Funds - which are based on the actuarially determined rates in accordance with Florida Statutes (F.S.) Chapter 112.

Active Plan Participant Contributions - For the year ended September 30, 2011, the general employees contributed at the rates of 6%, of pensionable salary (or 5% for those who were grandfathered in at that rate). Police Officers contributed at the rate of 8% in accordance with the Police bargaining contract.

The Plan experienced actuarial losses of \$821,095 (20.3%) and \$749,919 (18.7%) for the years ended September 30, 2011 and 2010, respectively.

Market Smoothing

The Board, as recommended by the consultants, adopted a market smoothing approach for actuarial asset valuation purposes. This approach spreads cyclical market variations over a rolling five-year period. This method of market asset valuation is known as the five-year smoothed market actuarial method.

Variations in investment return on an actuarial basis from year to year reflect investment gains and losses and the effects of market smoothing. Therefore, annual fluctuations in investment return as used in the Actuary's annual funding calculations, are not necessarily indicative of good or poor investment results for the current period.

INVESTMENTS

The responsibility of oversight of Plan investments and policy-making decisions is given to the Trustees of the Retirement Plan. The Board meets quarterly to evaluate the fund's investment performance in aggregate and at the fund manager detail level. With the support of the custodian and the performance measurement consultant the Board will review the Investment Policy periodically, establish the proper asset allocation mix for the Plan, and set performance objectives and specific investment guidelines for the investment manager based on State Statutes and policy restrictions. The Board monitors and evaluates risk and volatility associated with the investments based on performance benchmark expectations, policy limitations regarding standard deviation, and sector diversification.

OTHER INFORMATION

Independent Audit

Florida Statutes require an annual independent audit of the Plan's financial statements. A.M. Jones, C.P.A., P.A. performed an audit on the financial statements, and has issued an unqualified opinion. Please refer to the auditor's report on page 1.

Professional Services

Professional consultants are appointed by the Pension Board to perform professional services considered essential to the effective and efficient operation of the Plan. The letter from the Actuary is included in this report. The type of consultants appointed and their respective expenses are listed on page 21 of this CAFR.

Acknowledgments

On behalf of the Board of Trustees, we would like to take this opportunity to express our gratitude to the staff of the Finance Support Services Department who were involved in the preparation of this report.

Sincerely,

Roger M. Carlton

INDEPENDENT AUDITOR'S REPORTS

Report of Independent Certified Public Accountants

Members of the Pension Board of Trustees
Retirement Plan for Employees of the
Town of Surfside, Florida

We have audited the accompanying Statements of Plan Net Assets of the Retirement Plan for Employees of the Town of Surfside as of September 30, 2011 and 2010, and the related Statements of Changes in Plan Net Assets for the years then ended. These financial statements are the responsibility of the Retirement Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Retirement Fund and do not purport to, and do not, present fairly the financial position of the Town of Surfside as of September 30, 2011, and 2010, and the changes in its financial position for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets held in trust for pension benefits of the Town of Surfside, Florida, Retirement Plan for Employees of the Town of Surfside as of September 30, 2011 and 2010, and the changes in plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we also have issued our report dated February 23, 2012, on our consideration of the Town of Surfside, Florida, Retirement Plan for Employees of the Town of Surfside's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Management's discussion and analysis and the schedules of funding progress and employer contributions, and notes to the trend data, listed under required supplementary information in the table of contents, are not a required part of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the accompanying financial statements that collectively comprise the Retirement Fund's basic financial statements referred to above. The introductory section, supporting schedules, and the investment, actuarial, and statistical sections listed in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The introductory section, supporting schedules, and the investment section, actuarial section, and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

February 23, 2012

Report of Independent Certified Public Accountants on
Internal Control Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

Chairman Michael Feldman and
Board Members
Retirement Plan for Employees of the
Town of Surfside
Surfside, Florida 33154

We have audited the statement of plan net assets of the Town of Surfside, Florida Retirement Plan for Employees of the Town of Surfside (the Pension Plan) and the related statement of changes in plan net assets as of and for the plan year ended September 30, 2011, and have issued our report thereon dated February 23, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards, issued by* the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Pension Fund's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Pension Fund's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Pension Fund's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Pension Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Pension Board, management and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

This discussion and analysis of the Retirement Plan for Employees of the Town of Surfside provides an overview of the financial activities and funding conditions for the fiscal years ended September 30, 2011 and 2010. Please review this discussion and analysis in conjunction with the transmittal letter (see pages i through v and the financial statements which begin on page 9.

FINANCIAL HIGHLIGHTS

The Plan's net assets held in trust for pension benefits decreased by \$187,940 from \$10,643,601 for the year ended September 30, 2010 to \$10,455,661 for the year ended September 30, 2011, (a decrease of 1.77% over the prior year) as a result of the current year's activities.

The required contribution from the Town for the year ended September 30, 2011, increased by \$72,044 to \$625,963, a 13.0% increase. Employee contributions increased by \$3,881 to \$284,950, a increase of 1.4%. The total net increase in the Town and employee contributions was \$75,925 or 9.09%.

The Plan's investments experienced a net investment loss for the fiscal year ended September 30, 2011, of \$338,591 compared with the net investment income of \$753,346 for the fiscal year ended September 30, 2010.

Benefit payments for the year ended September 30, 2011, increased to \$580,747 an increase of \$6,626 or 1.12% over the prior year.

PLAN HIGHLIGHTS

During the fiscal year ended September 30, 2011, the total Plan investments reported a loss of 2.8%, net of management fees, and trading costs. The best performing asset category was the ICC bonds with a net positive return of 6.0%. The total Plan performance trailed the Hybrid Benchmark (index), which is the Standard & Poors and Barclays Capital Aggregate indices combined. The index reported a 1.0% gain. The Actuarial Assumption investment rate of return is 7.5%. The investment performance in the equity markets under management for fiscal year ended September 30, 2011, was a negative 8.35% return compared with the index gain of 1.15%. The bond market experienced a 5.91% gain compared with the index of 5.26%.

The equity performance for equities under management for the fiscal ended September 30, 2010, was a return of 8.16% compared with the index of 10.16%. The fixed income performance for the fiscal year ended September 30, 2010, was 7.03% compared with the Benchmark index performance of 8.16%. (Refer to the Investment Section for more information).

The Actuarial Value of Assets as of the October 1, 2011, Actuarial Valuation Report was \$12,487,404 with an Actuarial Accrued Liability of \$13,272,023, which resulted in an Actuarial Accrued Unfunded Liability (UAAL) of \$784,619. The funded ratio as of that date was 94.1%. As of the Actuarial Report dated October 1, 2010, the funded ratio was 99.1% with the Actuarial Value of Assets of \$12,304,770, and an Unfunded Actuarial Liability of \$12,414,859 for an Unfunded Actuarial Accrued Liability of \$110,089. (Refer to the Actuarial Section for more information).

USING THE ANNUAL REPORT

The financial statements, which reflect the activities of the Retirement Plan, are reported in the Statements of Plan Net Assets (see page 9). These statements are presented on a full accrual basis and reflect all trust activities as incurred.

A discussion of the actual components of this annual report, including the financial statements, is presented in the transmittal letter on page i. The table below shows a comparative summary of Plan Net Assets:

TABLE 1
PLAN NET ASSETS

	September 30		
	2011	2010	2009
Cash & Cash Equivalents	\$ 227,811	\$ 379,388	\$ 296,342
Receivables and other	78,692	71,188	62,472
Investments	<u>10,229,594</u>	<u>10,279,418</u>	<u>9,470,768</u>
Total Assets	<u>10,536,097</u>	<u>10,729,994</u>	<u>9,829,582</u>
Liabilities	<u>80,436</u>	<u>86,393</u>	<u>81,300</u>
Net Assets Held in Trust for Pension Benefits	<u>\$10,455,661</u>	<u>\$10,643,601</u>	<u>\$ 9,748,282</u>

There was a net decrease in net assets of \$187,940 for current fiscal year. There was a net increase in net assets of \$895,319 for the fiscal year ended September 30, 2010. Both the increases and the decreases in net assets reflect market conditions and net changes in trust activities.

CHANGES IN PLAN NET ASSETS

The table below shows a comparative summary of the changes in net assets and reflects the activities of the trust.

TABLE 2
CHANGES IN NET ASSETS

	For the fiscal years ended:		
	2011	2010	2009
Additions:			
Contributions			
Employer	\$ 625,963	\$ 553,919	\$ 423,747
Plan members	<u>284,950</u>	<u>281,069</u>	<u>318,692</u>
Total contributions	<u>910,913</u>	<u>834,988</u>	<u>742,439</u>
Investment Income			
Net Income from Investing Activities	<u>(338,591)</u>	<u>753,346</u>	<u>(206,753)</u>
Total additions (deductions)	<u>572,322</u>	<u>1,588,334</u>	<u>535,686</u>
Deductions:			
Benefits	580,747	574,121	483,668
Refunds of contributions	106,499	49,843	123,009
Administrative expenses	<u>73,016</u>	<u>69,101</u>	<u>78,049</u>
Total deductions	<u>760,262</u>	<u>693,065</u>	<u>684,726</u>
Net increase (decrease)	(187,940)	895,269	(149,040)
Net Assets Held in Trust for Pension Benefits:			
Beginning of Year	<u>10,643,601</u>	<u>9,748,332</u>	<u>9,897,372</u>
End of Year	<u>\$10,455,661</u>	<u>\$10,643,601</u>	<u>\$ 9,748,332</u>

The benefit payments are a function of the changes in payments to retirees, their beneficiaries (if the retiree is deceased), and, new entrants during the period.

PLAN MEMBERSHIP

The table below reflects the Plan membership as of the beginning and the ending of the year.

TABLE 3
CHANGES IN PLAN MEMBERSHIP

	September 30		
	2011	2010	Change
Current employees			
Vested	30	26	4
Partially vested	14	13	1
Non-vested	<u>34</u>	<u>38</u>	<u>(4)</u>
	<u>78</u>	<u>77</u>	<u>1</u>

RETIREES, BENEFICIARIES, AND DISABLEDS

As of September 30, 2011, there were thirty-four (34) retirees, beneficiaries and disableds receiving benefits. There were thirty-three (33) receiving benefits as of September 30, 2010.

As of September 30, 2011, and 2010, there were six terminated employees entitled to benefits, but not yet receiving them.

FUNDING STATUS

Of primary concern to most pension plan participants is the amount of money available to pay benefits. Historically, defined benefit pension plans have been underfunded when the employer failed to make annual actuarially required contributions to the Plan. The Town has traditionally contributed the annual required contribution (ARC) as determined by the Plan's Actuary. Therefore, a net pension obligation (NPO) has not been required for the Plan. This is due in large part to implementation of conservative business practices and to the fund requirements established in Florida law.

In 1968, Florida became the first state to constitutionally require local governments to fund pension obligations in a reasonable and systematic manner. Additionally, Florida Statutes, Chapter 112 requires local pension plans to be funded based upon actuarial valuations prepared in conformance to industry standards and by enrolled actuaries. To ensure this, the State has engaged the services of an actuary. Each actuarial report must be submitted to and accepted by the State. State acceptance must be obtained before the actuarial report and its proposed contribution rate is authorized for use.

For Plan funding progress, the Retirement Plan for Employees of the Town of Surfside utilizes the Entry Age Actuarial Cost Method. The Funded Ratios are presented below.

October 1,	Funded Ratio
2006	105.2%
2007	109.5%
2008	106.7%
2009	100.3%
2010	99.1%
2011	94.1%

The Actuary uses a five-year smoothed market to establish the actuarial value of the assets (used to determine the funded ratio). As of September 30, 2011, and 2010 actual Market Value of the Investments and Cash Equivalents was less than the Actuarial Value of the Assets by approximately \$ 2,032 and \$1.661 million, respectively, as a result of this methodology.

ASSET ALLOCATION

The following table indicates the actual asset allocations as of September 30, 2011 and 2010.

**TABLE 5
ASSET ALLOCATIONS AT MARKET**

	September 30,			
	<u>2011</u>		<u>2010</u>	
Cash and Cash Equivalents	\$ 227,811	2.2%	\$ 379,388	3.6%

Included in equities are mutual funds, which are not under the investment management of the ICC Capital Management. These mutual funds are not subject to the maximum sixty-five percent (65%) at market value in equities policy.

INVESTMENT ACTIVITIES

Investment income is vital to the Plan's current and continued financial stability. Therefore, the Trustees have a fiduciary responsibility to act prudently and discretely when making Plan investment decisions. To assist the Board in this area, a comprehensive formal investment policy is updated periodically. The Investment Policy was amended with an effective date of January 1, 2010.

The Board and its Consultants review portfolio performance quarterly. Performance is evaluated individually by money manager style, collectively by investment type and for the aggregate portfolio. Investment types included domestic and international equities, and fixed income.

The total fund investment performance for the investments under management for the fiscal years ended 2011 and 2010 was approximately (1.40%) and 7.94%, respectively. The actuarial return assumption target for the year was 7.5%.

The total increase in the fair value of the mutual funds, which are not under the management of the investment consultant, for the year ended September 30, 2010, was \$115,476 an increase of 8.78%. During the year ended September 30, 2011, an additional investment of approximately \$975,273 was made in these funds adding to the beginning fair value of \$1,430,682 for a total fair value of \$2,405,955. The unrealized loss as of September 30, 2011, was \$268,103 resulting in a fair value as of September 30, 2011, of \$2,137,852.

ECONOMIC FACTORS

One of the primary functions of the pension trust is to manage investments prudently and effectively given various constraints.

Events surrounding the slowdown of real estate activity, increased home foreclosures, an overall downturn in the economy has affected and will continue to affect the Retirement Plan. With continued uncertainty in the financial markets, the Plan is likely to experience fluctuations in its portfolio returns in the future.

CONTACTING THE PLAN'S FINANCIAL MANAGEMENT

The financial report is designed to provide residents, taxpayers, plan participants, and other interested parties with an overview of the Plan's finances and the prudent exercise of the Board's oversight. If you have any questions regarding this report or need additional financial information, please contact the Finance Director, 9293 Harding Avenue, Surfside, Florida 33154.

NOTES TO FINANCIAL STATEMENTS

RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2011 AND 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND MATTERS

The financial statements of the Retirement Plan for Employees of the Town of Surfside, Florida (the "Town") have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard setting body for governmental accounting and financial reporting.

The Retirement Plan was established by a Town Ordinance approved by the Commissioners and effective January 1, 1962. The Plan is subject to certain provisions of Chapter 112, Florida Statutes. The benefit provisions, amendments thereto, and all other requirements are established by Town Ordinance. Participants should refer to that Plan document for more complete information.

The Retirement Plan is a contributory defined benefit single-employer retirement plan covering substantially all employees of the Town of Surfside. All full-time employees became members of the Plan immediately upon employment. During 2011 the Town passed Ordinance 11-1580, which grants the right to Charter Officers to opt out of the Plan at any time. The administration of the Plan is under the responsibility of a five-member Board of Trustees, which is subject to the ultimate authority of the Town Commission.

Reporting Entity - The financial statements presented are only for the Retirement Plan for Employees of the Town of Surfside, and are not intended to present the financial statements of the Town.

The financial statements for the Retirement Plan for Employees of the Town are included in the Town of Surfside's Comprehensive Annual Financial Report (CAFR) for the years ended September 30, 2011 and 2010, which are separately issued documents. Anyone wishing further information about the Town is referred to the CAFR for the respective year in which the Retirement Plan has been included. The CAFR for the Town is available at Town Hall located at 9293 Harding Avenue, Surfside, Florida.

Basis of Accounting - The Retirement Plan for Employees of the Town of Surfside's financial statements are prepared on the accrual basis of accounting, reflecting income when earned and contributions for the year (regardless of when received) and expenses and other obligations when incurred (regardless of when paid). Benefit payments and refunds of contributions are recorded as they become due.

The contributions received from the Town of Surfside are actuarially determined in accordance with F.S. 112 (2), and are recognized as revenues when due.

Employee contributions are recognized when due as the payroll deductions are made.

Benefit payments are recognized when due and payable in accordance with the terms of the Plan.

Contribution refunds are recognized when due and payable in accordance with the terms of the Plan and the Town's procedures for terminations.

RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2011 AND 2010

Method Used to Value Investments - The Retirement Plan investments are reported at fair value, and are managed by a third-party money manager. The Retirement Plan's Custodian and the individual money manager price each instrument using closing prices from the national securities exchange markets on the last business day of the Retirement Plan's year. Investments that do not have an established market are reported at estimated fair value.

NET ASSETS - Net Assets of the Retirement Plan are the differences between the total plan assets and the total plan liabilities, and are held in trust for pension benefits.

CONTRIBUTIONS - Contributions are received from the Town at actuarially determined rates, and from active plan participants.

The Town has traditionally contributed the annual required contribution (ARC) and, thus, does not have to report, a net pension obligation (NPO).

Average Final Compensation - The average of basic compensation during the highest three years (five years for general employees) of the ten years preceding termination.

INVESTMENT INCOME - Both realized and unrealized gains/losses are recognized under Net Appreciation (Depreciation) in the Fair Value of Investments.

MONTHLY BENEFIT PAYMENTS - The Plan's monthly pension benefit payments are transmitted to each recipient prior to the last business day of the month for the following month.

CONTRIBUTION REFUNDS - The defined benefit Plan is contributory and employee contributions are one-hundred percent refundable with interest at the rate of four percent per annum to terminated non-vested participants as well as vested former participants who elect to forfeit all rights to any benefits of the Retirement Plan.

ESTIMATES - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results may differ from management's estimates.

DATE OF MANAGEMENT'S REVIEW - Subsequent events have been evaluated through February 23, 2012, which is the date the financial statements were available to be issued.

NOTE 2 - DESCRIPTION OF THE PLAN

The Plan is a single employer defined benefit pension plan for all eligible employees of the Town who customarily work more than thirty-two hours per week.

The Florida Constitution requires local governments to make the actuarially determined contribution. The Florida Division of Retirement reviews each local government's actuarial report prior to its use for funding purposes.

RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2011 AND 2010

Characteristics of Participants included in the Actuarial Valuation Reports

The Actuarial Report as of October 1, indicated the Retirement Plan's membership consisted of:

	<u>2011</u>	<u>2010</u>
Retirees and beneficiaries currently		
receiving benefits	<u>34</u>	<u>33</u>
Terminated employees entitled to benefits		
but not yet receiving them	<u>6</u>	<u>6</u>
Active Plan Participants		
Vested	30	26
Partially vested	14	13
Non-vested	<u>34</u>	<u>38</u>
	<u>78</u>	<u>77</u>

Contributions - Funding of the Plan is provided by contributions from the Town and the employees. The Town's funding policy provides for annual actuarially determined periodic contributions at rates that, for individual employees, increase gradually over time so that sufficient assets will be available to pay benefits when due. Employees were required to contribute either 5% of their salary or after October 1, 1979, members had the irrevocable option to increase their contributions to 7% of compensation to receive increased benefits. Effective July 1, 1996, each member had the irrevocable option to increase his (her) contribution rate from 5% to 7% or 8% of compensation.

Effective January 31, 2003, employee contributions were reduced to 6% for employees previously contributing 7% or 8%. Employees previously contributing 5% were given the one-time option to increase contributions to 6%. The Police Officers' contribution rate was increased to 8% effective October 1, 2005, with increased benefit multipliers.

Cost of Living Adjustment - Beginning January 1, 2004, and each January 1 thereafter a 1.5% automatic annual cost of living benefit increase is provided for all current and future retirees, disableds, beneficiaries and vested terminated members who had been receiving benefits for at least one year.

Service Retirement Benefits - Members who are sworn Police Officers may retire at the age of 52 with 20 years of creditable service or at age 62 regardless of your service, or upon completion of 25 years of creditable service. General employees may retire at the age of 62 with 15 years of creditable service, or at the age of 65 and the completion of ten years of creditable service.

Annual retirement benefits are as follows for General Employers and Police Officers:

For service rendered prior to October 1, 1979, 1-2/3% of the average final compensation for each year of service multiplied by the number of years of creditable service rendered prior to October 1, 1979.

The benefit accrual for members who contributed 5% of compensation from October 1, 1979 to June 30, 1996, is 1-2/3% of average final compensation for each year of service multiplied by the number of years of creditable service rendered from September 30, 1979.

The benefit accrual for members who contributed 7% of compensation from October 1, 1979 to June 30, 1996, is 2% of the average final compensation for each year of service multiplied by the number of years of creditable service rendered after September 30, 1979.

Members who contributed 5%, 7%, or 8% of compensation from July 1, 1996 to January 31, 2003, are entitled to a benefit accruals of 1-2/3%, 2.0%, or 2.5%, respectively, of the average final compensation for each year of service multiplied by the number of years of creditable service rendered after July 1, 1996.

RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2011 AND 2010

For General Employees who contributed 5% or 6% of compensation from February 1, 2003, the benefit accruals are 2% and 2.5%, respectively, of the average final compensation for each year of service rendered after that date multiplied by the number of years of creditable service. Police Officers who contributed 5% and 6% from February 1, 2003 to September 30, 2005, respectively, 2% and 2.5% of the average final compensation for each year of service multiplied by the number of years of creditable service rendered during that period.

The maximum benefit allowable for general employee members is sixty percent of the average final compensation.

POLICE OFFICERS - The following Retirement Plan provisions are only for certified law enforcement members of the Plan:

Contributions - Effective October 1, 2005 to September 30, 2006, Police Officers contribute eight percent (8%) of earnable compensation to the Plan and receive a benefit accrual of 3.0%.

The Retirement Plan multiplier for creditable service rendered on or after October 1, 2006, is 3.5% of the monthly average final compensation multiplied by the number of years of creditable service on or after September 30, 2006.

At a multiplier of 3-1/2%, the maximum total annuity payable to a Police Officer is ninety percent of average final compensation.

The Town maintains a five-year Deferred Retirement Option (DROP) Program for Police Officers and dispatchers only. The eligibility requirement is attainment of normal retirement date. The maximum period of participation in the DROP is five years. A Police Officer's account shall be credited with interest based upon the actual Fund investment return. No payments may be made from the DROP until the employee actually separates from service with the Town.

Vested Benefits - The Plan has a ten year graded vesting schedule for all general employees whereby a member is fifty percent vested after five years of creditable service. Such vesting increases by ten percent each year thereafter until one-hundred percent vesting is attained at ten years of creditable service. Effective October 1, 2007, in accordance with Ordinance Number 08-1492, Police Officers are one-hundred vested after five years of creditable service.

If separated from service after the member is fully vested, such vested member shall be entitled to a service retirement annuity commencing at age 65 for General Employees or the date that the would have been the Normal Retirement date had the member continued in employment as a Police Officer. Such members shall not have applied for or received a refund of their contributions to the Plan.

Employee Contributions - The Town Commission passed an Ordinance amending the tax treatment of the employee contributions effective January 1, 2009. As of that date the employee contributions were changed from post-tax to pre-tax contributions as permitted by Section 414(h) of the Internal Revenue Code.

Early Retirement - Members are eligible for early retirement at the earlier of age 55 with 15 years of creditable service, or 20 years of creditable service regardless of age. The benefit is the same as the normal retirement benefit using the average final compensation and creditable service as of the early retirement date, but payable at the normal retirement date assuming continued employment.

RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2011 AND 2010

Termination of Employment - If a member terminates employment prior to attaining vested rights, the member receives a refund of his(her) accumulated contributions plus interest of 4% per annum on such contributions made on or after January 1, 1979.

DISABILITY BENEFITS:

Service Connected - Any member who becomes totally disabled as a direct result of performance of service to the Town shall receive 75% of monthly compensation in effect on the date of the disability, or 45% (if not direct result of physical injury) of the rate of pay in effect on the date of the disability. For General Employees the benefit is reduced by any monthly disability benefits to which the employee is entitled to from Workers' Compensation and Federal Social Security System to the extent permitted by law.

Non-Service Connected - In order for a member to be eligible for a non-service disability benefit at least two of the following must certify in writing that the member is wholly prevented from engaging in any occupation for wages or profits, and that he is likely to remain so disabled continuously and permanently: 1) A duly licensed physician selected by and paid for by the Board; 2) A duly licensed physician selected by and paid for by the member; 3) A duly licensed physician mutually agreeable to by these physicians and paid by the Board.

Pension Board Approval - Disability retirement from the Plan is subject to approval by the Pension Board. The Pension board has the right to require physical exams certifying the disability prior to the commencement of the disability benefits and after disability benefits commence for continuance of disability.

Termination - Upon termination of the Plan for any reason, the Pension Trust Fund shall be apportioned and distributed to participants in accordance with the provisions of the Plan. Those provisions include giving a priority right to Pensioners to receive the present value of their pensions. The active members are entitled to receive a pro rata share of the remainder.

Death Benefits - If death occurs prior to the Normal Retirement Date, the Accumulated Employee Contributions plus interest are refunded to the member's beneficiary or estate. If a member dies after reaching the Normal Retirement Date but before the member has retired, survivor benefits will be paid as though the member had retired immediately before death. Upon reaching Normal Retirement Date the member may select which type of survivor benefits would be payable in the event the death occurs before actually retiring.

Related Parties - There are no investments in, loans to, or leases with parties related to the Retirement Plan.

Plan Expenses - In accordance with the provisions of the Plan, investment and administrative expenses of the Plan may be paid either by the Town or the Plan. The established policy is that the Retirement Plan pays all of the investment and administration expenses of the Plan as well as the Actuarial fees for the Annual Actuarial Valuation. It has been the Town's policy to pay the fees for any additional actuarial services provided.

RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2011 AND 2010

Funding Policy - Contributions of funds are received from the Town at actuarially determined rates in accordance with F.S. Chapter 112 (2) the State of Florida.

Active members contribute a percentage of pensionable pay at rates of 5% or 6% for general employees, and 8% for Police Officers.

The Town has traditionally contributed the annual required contribution (ARC) and, thus, has never had or needed to report, a net pension obligation (NPO).

Three-year Trend Information for the Retirement Plan is presented below:

<u>Fiscal Year Ended</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
9/30/2009	425,917	99%	(222,138)
9/30/2010	556,068	100%	(219,989)
9/30/2011	628,266	100%	(217,686)

Funded Status and Funding Progress

The schedule of funding progress presented as Required Supplementary Information (RSI) following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability of benefits. NOTE 3 - INVESTMENTS

The investment activity of the Plan is directed by an investment advisory firm. All investments made or held by the Fund shall be limited to the following:

1. Time or savings accounts of a national bank, a state bank or a savings and loan institution insured by the Savings Association Insurance Fund, which is administered by the Federal Deposit Insurance Corporation, provided the amount deposited does not exceed the insured amount, and the cash instruments have a quality rating of at least Standard & Poor's A1 or Moody's P1.
2. Obligations issued by the United States Government or obligations guaranteed as to principal and interest by the United States Government or by an agency of the United States Government.
3. Bonds issued by the State of Israel. Bonds or other evidences of indebtedness issued or guaranteed by a corporation organized under the laws of the United States or any state, organized territory of the United States, or District of Columbia provided the corporation is listed on the recognized national stock exchanges or on the National Market System of the NASDAQ stock market.
4. Equity investments (common stock, convertible bonds and preferred stocks) in a corporation listed on one or more of the recognized national exchanges or on the National Market System of the NASDAQ and ETF exchange traded funds. Commingled equity, bond or money market funds whose investments are restricted to securities meeting the criteria of this section.

As of September 30, 2011, the investment in equities totaled 50.5% of the total investments excluding the mutual funds, which are not under management. The cost and fair value of net assets held in trust for Plan benefits at September 30, follows:

	2011		2010	
	<u>Cost</u>	<u>Fair Value</u>	<u>Cost</u>	<u>Fair Value</u>
Cash and Cash Equivalents:				
U.S. Treasury Portfolio	\$ 227,811	\$ 227,811	\$ 379,388	\$ 379,388

	<u>11,475,346</u>	<u>10,229,594</u>	<u>10,378,365</u>	<u>10,279,418</u>
	<u>\$11,718,849</u>	<u>\$10,536,097</u>	<u>\$10,828,941</u>	<u>\$10,729,994</u>

RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2011 AND 2010

As of September 30, 2011, the Plan had the following investment types:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>
U.S. Treasuries	\$ 982,237	7.40
Government Agency Bonds	112,310	8.70
Mortgage backed securities	700,328	5.77
Corporate bonds	2,035,865	4.21
Build America bonds (Municipal obligations)	34,534	22.12
Total fair value	<u>\$3,865,274</u>	<u>5.57</u>
Portfolio weighted average maturity		<u>5.57</u>

Interest Rate Risk. In accordance with its investment policy, the Plan manages its exposure to declines in the fair market value of its securities through a conservative approach of managing portfolio exposure to duration, maturity and sector relative to market indices.

Credit risk. State law limits investments in commercial paper to the two top ratings issued by nationally recognized statistical rating organizations (NRSROs). It is the Town's policy to limit its investments in this investment type to the top two ratings issued by NRSROs. As of September 30, 2011, the Plan's investments in the U.S. Treasury Portfolio were rated AAA by Standard & Poor's, and Aaa by Moody's Investors Service. The Investment Policy of the Plan states it is permitted to invest in corporate bonds with an investment quality rating with the top three rating classifications by at least two major rating services (Standards & Poor, Moody's or Fitch). The corporate bonds held by the Plan were in the top three rating classifications. The mortgage backed securities were ranked AAA and Aaa by Standard & Poor's, and Moody's respectively.

Concentration of credit risk. The Town's investment policy does not allow for an investment in any one issuer, other than U.S. Government securities, that is in excess of five percent of the government's total investments. No investment in any one organization represents five percent or more of the net assets available for benefits.

Custodial credit risk - investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the securities, whether fixed or equities are held in the name of the Plan.

Net appreciation (depreciation) in fair value of the investments - include the current year realized gains and losses, which are calculated independently of calculation of the appreciation (depreciation) in net assets. The unrealized gains (losses) included in the net appreciation (depreciation) in fair value of the investments as of September 30 is as follows:

	<u>2011</u>	<u>2010</u>
Investments:		
U.S. Government Securities	\$ 71,325	\$ 36,373
Government agency bonds	(8,498)	(2,239)
Mortgage backed securities	3,274	6,273
Corporate bonds	(30,356)	70,117
Municipal obligations	(3,494)	1,332
Common stocks	(910,954)	41,460
Mutual funds - I Shares	(268,103)	115,477
	<u>\$ (1,146,806)</u>	<u>\$ 268,793</u>

ASSET ALLOCATION STRATEGY

The asset allocation determines the expected investment return and associated volatility risk. It is mean variance based and assumes that the long-term average (or mean) returns of asset classes is a predictor of future returns. Asset classes have varying correlations to each other. By blending asset classes with different correlations, volatility risk is reduced. The investment monitor prepares asset allocation studies for the Board to better understand the means necessary to achieve an expected return. The result is a target allocation which identifies the recommended weightings of asset classes. The target allocation considers value and growth styles, capitalization, domestic equity, international equity, equity real estate, and fixed-income. Several key restrictions to the asset allocation strategy places a limitation on equities to 65% (at market), no more than 5% of the equities may be invested in a single company (at cost).

The performance of each asset class was compared to a corresponding index. The active equity and fixed-income portions were also compared to their respective peer groups.

TARGET ALLOCATION

	<u>Target</u>	<u>Mkt. Range</u>
Domestic Large Cap Equity	40%	35-45%
Domestic Small Cap Equity	10%	5-15%
International Equity	10%	5-15%
Real Estate	10%	5-15%
Fixed Income	30%	10-50%
Cash	0%	0-5%
Total	100%	

The Hybrid Benchmark objective is as follows:

S&P500	40%
Russell 2000 Value	10%
MSCI EAFE*	10%
Wilshire Real Estate Sec. Index	10%
Barclays Intermediate Aggregate	30%
Total	<u>100%</u>

*Morgan Stanley Capital International Europe Australia Far East

Since market conditions will favor one approach over another, during the next 12 to 36 month time period. Thus, the asset allocation will require re-balancing. The Performance Measurement Consultant will monitor the performance and make recommendations as appropriate.

ACTUARIAL SECTION

March 29, 2012

Board of Trustees
Retirement Plan for Employees of the
Town of Surfside, Florida
Surfside, Florida 33154

Dear Trustees:

The funding objective of the Plan is to establish contribution rates, expressed as percents of active member payroll, that will remain approximately level from year to year. Changes in Plan benefits, actuarial assumptions and methods and differences between actual and expected experience will cause the contribution rate to change.

Contributions that satisfy the funding objective are determined by annual actuarial valuations. These valuations determine a normal (current service) cost as a level percentage of payroll, plus level amortization of the unfunded actuarial accrued liability.

The information provided is compiled from annual actuarial valuations, including the most recent as of October 1, 2011. In performing these valuations, the Town provides certain data and the plan auditor submits financial statements. We rely on the accuracy of this information and we have performed a number of checks for reasonableness of the data.

The data being provided includes the following:

- Summary of actuarial assumptions and methods
- Schedule of active and retired member data
- Solvency tests
- Analysis of financial experience
- Summary of plan provisions and changes
- Schedule of revenue by source and expenses by type
- Schedule of benefit expenses by type
- Schedule of retired members by type of benefit
- Schedule of average benefit payments
- Schedule of funding progress and
- Accounting disclosure exhibit

We compiled all of the above information.

Board of Trustees
March 29, 2012
Page Two

To the best of our knowledge, the assumptions and methods being utilized conform to the Government Accounting Standards Board (GASB) Statements No. 25 and No. 27.

On the basis of the October 1, 2011 Actuarial Valuation, in our opinion the Retirement Plan for Employees of the Town of Surfside, Florida continues to fund its pension obligations in a manner consistent with the stated funding objective and with generally accepted actuarial principles.

Sincerest regards,

Lawrence F. Wilson, A.S.A.
Senior Consultant and Actuary

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

Summary of Actuarial Assumptions and Methods

A. Mortality

For healthy participants, the 1994 UP Mortality Table Projected to 2007 was used with separate rates for males and females. There is currently no margin for future mortality improvement in the current mortality assumption. We recommend the mortality assumption be reviewed in conjunction with an experience study to determine the appropriate margin (if any) to be used in the October 1, 2012 Actuarial Valuation.

For disabled participants, the RP 2000 Disabled Mortality Table Projected to 2007 was used with separate rates for males and females. There is currently no margin for future mortality improvement in the current mortality assumption. We recommend the mortality assumption be reviewed in conjunction with an experience study to determine the appropriate margin (if any) to be used in the October 1, 2012 Actuarial Valuation.

B. Investment Return

7.5%, compounded annually; net rate after investment related expenses.

C. Allowances for Expenses or Contingencies

Estimated expenses for upcoming year, not including investment related expenses.

D. Employee Withdrawal Rates

Withdrawal rates for males and females were used in accordance with the following illustrative examples:

General Employees	
Age	Withdrawal Rate
20	18.0%
30	15.2%
40	8.3%
50	2.2%
60	0.7%

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

3	15.0%	9	3.0%
4	12.0%	10	2.5%
5	10.0%	11 & over	2.0%
6	8.0%		

E. Salary Increase Factors

Current salary is assumed to increase at a rate based on the tables below.

General Employees	
<u>Service</u>	<u>Salary Increase</u>
0 – 4	6.5%
4 – 7	4.5%
7 & over	4.0%

Police Officers		
<u>Service</u>	<u>Salary Increase</u>	
	<u>FY 2012 & 2013</u>	<u>FY 2014 & Beyond</u>
0 – 2	12.0%	13.5%
2 – 3	11.0%	12.5%
3 – 4	9.0%	10.5%
4 – 5	7.0%	8.5%
5 – 6	5.0%	6.5%
6 & over	3.0%	4.5%

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

Summary Actuarial Assumptions and Methods (Continued)

F. Disability Benefits

1. Rates: See Table Below
2. Percent Service Connected: 25% for General, 80% for Police.
3. Assume 50% of Service Connected Disabilities are due to injury and 50% are due to disease.

Age	Annual Rate of Disability	
	General Employees	Police Department
20	0.07%	0.14%
30	0.11%	0.18%
40	0.19%	0.30%
50	0.51%	1.00%
60	1.66%	0.00%

G. Actuarial Value of Assets

The method used for determining the actuarial value of assets phases in the deviation between the expected and actual return on assets at the rate of 20% per year. The actuarial value of assets will be further adjusted to the extent necessary to fall within the corridor whose lower limit is 80% of the fair market value of plan assets and whose upper limit is 120% of the fair market value of plan assets.

H. Assumed Retirement Age

Age	Annual Rate of Retirement	
	General Employees	Police Officers
40	N/A	3%
41-45	4%	2%
46-47	3%	1%
48-50	2%	1%
51+	1%	1%
NRA	100%	100%

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

Summary Actuarial Assumptions and Methods (Continued)

I. Marriage Assumption

100% of all members are assumed to be married. Wives are assumed to be three years younger than their husbands.

J. Treatment of Actuarial Gains and Losses

Gains and losses are amortized over a period of 30 years.

K. Inflation

4.0% per year.

L. Cost of Living Adjustment

A 1.5% automatic annual cost of living increase is provided for all current and future retirees, disabled members, beneficiaries and vested terminated members.

M. Actuarial Funding Method

Normal Retirement, Termination, Disability, and Death Benefits: Entry-Age-Actuarial Cost Method.

Under this method the normal cost for each active employee is the amount which is calculated to be a level percentage of pay that would be required annually from his age at hire to his assumed retirement age to fund his estimated benefits, assuming the Plan has always been in effect. The normal cost for the Plan is the sum of such amounts for all employees. The actuarial accrued liability as of any valuation date for each active employee or inactive employee who is eligible to receive benefits under the Plan is the excess of the actuarial present value of estimated future benefits over the actuarial present value of current and future normal costs. The unfunded actuarial accrued liability as of any valuation date is the excess of the actuarial accrued liability over the actuarial value of assets of the Plan.

N. Changes From Previous Valuation

None.

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

Summary Actuarial Assumptions and Methods (Continued)

O. Choice of Assumptions and Methods

The actuarial assumptions and methods are recommended by the actuary and adopted by the Board of Trustees at various times. Unless otherwise indicated (below) the actuarial assumptions were adopted prior to 1998. The recommendations are based on a review of actual plan experience. A formal experience study was recently performed for the five (5) year period ended September 30, 2006.

Prior to October 1, 1999 the investment return assumption was 7.0%, compounded annually; net rate after investment related expenses.

Prior to October 1, 1999 the mortality assumption was the 1983 Group Annuity Mortality Tables with separate rates for males and females.

Prior to October 1, 2003 there was no cost of living adjustment benefit assumption.

Prior to October 1, 2004 the asset value was four-year smoothed average.

Prior to October 1, 2007 the mortality assumption was the 1994 Group Annuity Static Mortality Table with separate rates for males and females.

Prior to October 1, 2007 the salary increase assumption was 6.0% per year.

Prior to October 1, 2007 75% of disabilities were assumed to be service related for Police Officers.

Prior to October 1, 2007 the withdrawal rates for males and females were used in accordance with the following illustrative example:

Age	Annual Rate of Employment Termination	
	General Employees	Police Officers
20	12.4%	6.0%
30	10.5%	5.0%
40	5.7%	2.6%
50	1.5%	0.8%
60	0.5%	0.2%

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

Summary Actuarial Assumptions and Methods (Continued)

Prior to October 1, 2010 the salary increase assumption was as follows:

General Employees		Police Officers	
Service	Salary Increase	Service	Salary Increase
0 - 3	8%	0 - 2	15%
3 - 7	7%	2 - 3	14%
7 & over	6%	3 - 4	12%
		4 - 5	10%
		5 - 6	8%
		6 & over	6%

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

Summary of Plan Provisions and Changes

A. Effective Date

January 1, 1962

B. Eligibility Requirements

All regular, full-time employees are eligible upon employment. The Town Manager and Town Attorney have the right to opt out of the Plan.

C. Creditable Service

All service of a member measured in years and completed months since latest date of hire with the Town.

D. Average Final Compensation (AFC):

The average of basic compensation during the highest three years (five years for General Employees) of the ten years preceding termination of employment; does not include bonuses, overtime, lump sum payments of unused leave or other non-regular payments.

E. Normal Retirement

Eligibility -

For sworn Police Officers, the earliest of (1) age 52 with 20 years of Creditable Service, (2) age 62 or (3) completion of 25 years of Creditable Service. For participating Town Manager, age 64 with 7 years of Creditable Service. For all other employees, the earlier of (1) age 62 with 15 years of Creditable Service or (2) age 65 with 10 years of Creditable Service.

Benefit -

Period of Service	Benefit Accrual Rate per Year of Service Based on Employee Contribution Rate of			
	5%	6%	7%	8%
Before 10/1/1979	1 2/3%	N/A	N/A	N/A
10/1/1979 - 6/30/1996	1 2/3%	N/A	2%	N/A
7/1/1996 - 1/31/2003	1 2/3%	N/A	2%	2.5%
2/1/2003 - 9/30/2005	2%	2.5%	N/A	N/A
10/1/2005 - 9/30/2006	2%	2.5%	N/A	3% *
After 10/1/2006	2%	2.5%	N/A	3.5% *

Maximum benefit is 90% (75% prior to October 1, 2006) of AFC (60% of AFC for General Employees).

* For Police Officers only.

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

Summary of Plan Provisions and Changes (Continued)

Form of Payment -

Straight life annuity with guaranteed refund of Accumulated Contributions (with options available).

F. Early Retirement

Eligibility -

The earlier of (a) age 55 with 15 years of Creditable Service, or (b) 20 years of Creditable Service regardless of age.

Benefit -

Same as Normal Retirement Benefit using AFC and Creditable Service as of Early Retirement Date but payable at Normal Retirement Date assuming continued employment. Alternatively, benefits may commence immediately after reduction of 0.5% for each month early.

G. Delayed Retirement

Eligibility -

Retirement after Normal Retirement Date.

Benefit -

Calculated in the same manner as Normal Retirement Benefit using AFC and Creditable Service as of delayed retirement date.

H. Disability

1. Service Connected

Eligibility -

Total and permanent disability incurred prior to normal retirement date as a direct result of performance of service to the Town and eligible for Social Security disability benefits.

Benefit -

75% (if injury) or 45% (if disease) of the rate of pay in effect on date of disability payable for life or until recovery. For General Employees, less Social Security disability benefits; there is an offset for Workers' Compensation to the extent that the disability benefit plus the Workers' Compensation benefit exceed 100% of pre-retirement salary.

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

Summary of Plan Provisions and Changes (Continued)

2. Non-Service Connected

Eligibility -

Total and permanent disability not incurred as a direct result of performance of service to the Town.

Benefit -

Accrued pension benefit.

I. Death Benefit

1. Pre-Retirement:

Refund of Accumulated Contributions

2. After Normal Retirement Date but before Actual Retirement:

Survivor benefit payable in accordance with optional form of benefit chosen by member.

3. After Retirement:

Refund of any remaining Accumulated Contributions or optional survivor's benefits if elected.

J. Accumulated Contributions

The sum of all amounts contributed by members including 4% interest on contributions made after January 1, 1979. Effective January 1, 2009, member contributions are *picked-up* by the Town.

K. Termination Benefit

Upon termination prior to normal or early retirement date a member shall be entitled to choose (1) or (2) below, where:

1. Refund of Accumulated Contributions.

2. Benefit as for normal retirement using AFC and creditable service as of date of termination multiplied the applicable percentage on the table below, commencing at age 62 (65 for General Employees).

**RETIREMENT PLAN FOR EMPLOYEES OF THE
TOWN OF SURFSIDE, FLORIDA**

Summary of Plan Provisions and Changes (Continued)

Years of Credited Service	Percentage	
	General Employees	Police Officers
Less than 5	0%	0%
5	50%	100%
6	60%	100%
7	70%	100%
8	80%	100%
9	90%	100%
10 or more	100%	100%

L. Cost of Living Increase

A 1.5% automatic annual cost of living increase is provided for all current and future retirees, disabled members, beneficiaries and vested terminated members.

M. Deferred Retirement Option Program (DROP) (Police Officers Only)

1. Eligibility: Attainment of normal retirement date.
2. The maximum period of participation in the DROP is five (5) years.
3. An employee's account in the DROP program shall be credited with interest based upon actual Fund investment return.
4. No payment may be made from DROP until the employee actually separates from service with the Town.

N. Changes From Previous Valuation

Eligibility was all regular, full-time employees are eligible upon employment.
