

The Official Accredited Destination Marketing Organization for Greater Miami and the Beaches

# MIAMI EATS. Order Out, Help Out.

Due to the Coronavirus pandemic and its dramatic effects on the restaurant industry with their dining rooms forced to close, the GMCVB is creating a new program and campaign that will encourage Miamians to place takeout and delivery orders with local restaurants including those with special offers. By doing so, they are also helping these restaurants and their employees through some very difficult times.

The new campaign is **FREE** for **EVERY** restaurant and is geared towards asking locals to call the restaurants directly to place their order. As we have done in the past with our signature Miami Spice program, the GMCVB will be launching a comprehensive marketing program that will include digital, print and social media as well as a dedicated public relations outreach. This program is for all restaurants in Miami-Dade County regardless of location or price point.
