Officers responded to a call of a missing person on April 15, 2019 at 2306 hours. Upon

their arrival, the mother reported that she last saw her 18-year-old daughter on April 14, 2019 at 2200 hours. The mother stated that she had not heard from her daughter since and that was unusual behavior. An investigation ensued, which revealed the daughter had flown to the State of Colorado. On April 17, 2019, the daughter was found in Colorado deceased from a self-inflicted gun-shot wound.

In a touching hand written note, the family expressed their appreciation to the community, Chief Yero Julio, the Town of Surfside and the Surfside Police Department for their unrelenting support during this difficult time.

C. Traffic Mitigation Program Status Report

Public safety is the number one priority for the Town of Surfside. Along with public safety, quality of life is a focus of the Town. One element that impacts both public safety and quality of life is traffic. Traffic has increased significantly in recent years on Collins Avenue and Harding Avenue regionally as well as locally in Surfside. These roadways are major north/south thoroughfares for vehicles to avoid I-95 and Biscayne Boulevard traffic congestion. Lane closures at developments in Surfside and neighboring jurisdictions add to this traffic overcrowding. Drivers have learned they can avoid the backup on Collins Avenue and Harding Avenue by traveling west into the residential neighborhoods. There are no sidewalks in the single-family home areas of Surfside and with many families and children who play, walk and bike on the streets, traffic mitigation

strategies are continuous for the Town Commission and Staff in our goal to keep Surfside safe and enjoyable. In order to accomplish our goals Staff works in partnership with the State of Florida Department of Transportation and Miami-Dade County authorities who have jurisdiction over the roads in Surfside. The following chart illustrates and tracks the progress of this ongoing effort.

Miami-Dade County and City of Miami Beach administration regarding the closure of northbound traffic at 88th Street and Byron Avenue.

The above meeting resulted in a plan to add curbing to the 88th Street median extending it to Abbott Avenue. The result will prohibit drivers from executing illegal U turns disrupting the traffic flow and area residents which has been a continuous problem.

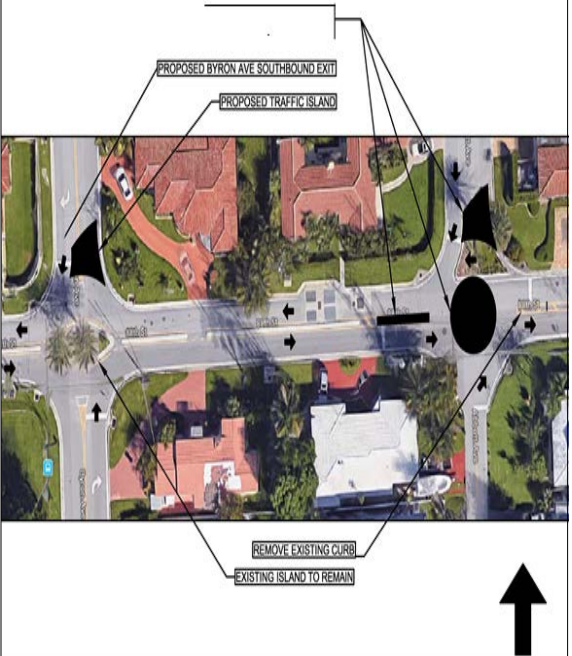

The following traffic modification Project has been developed to improve the traffic flow at 88th Street and Abbott Avenue.

Public Works completed the installation of the pictured vehicular traffic pattern at 88th Street & Abbott Avenue. On March 12, 2018, a 60-day testing period will begin before final approval.

The 60-day trial period before final approval continues. There have been no traffic accidents reported and no matters of concern have been brought to the attention of the Police Department.

At the Special Town Commission Meeting held May 22, 2018, the Town Commission approved the below traffic pattern design (Option A) for

				<p>88th Street and Abbott Avenue. A traffic circle at Abbott Avenue on 88th Street will allow traffic to flow east, west and south. Traffic islands on Abbott Avenue and Byron Avenue at 88th Street will prevent vehicles from traveling north on those avenues from 88th Street.</p>  <p>Public Works has begun work on the new traffic mitigation design on 88th Street & Abbott Avenue. 				jurisdictions was agreed upon. The early notice system has shown an improvement.
14.		<p>Install traffic light at 96th Street & Abbott Avenue</p> <p>Eliminate left hand turn at 96th Street & Byron Avenue</p>	Closed	<p>Town Manager Olmedillo, Chief Allen, Captain Yero and Randy Stokes, from the Town and Eric Czerniejewsky from CGA, spent a few hours with Ramon Sierra, FDOT District 6. Several simulations were run, and the result is that the back-up traffic in the east bound direction made congestion worse on 96th Street. This will not allow the vehicles turning right from Byron to move, causing a longer back-up on Byron and creating additional congestion on Harding and Collins.</p> <p>FDOT will not eliminate the left turn at 96 Street & Byron Avenue.</p>

The test consists of creating a safe pedestrian path and a green area in what is currently the paved area of those streets. Because width of the street will be narrowed during the test, the streets will be changed to a one-way system, with 89th Street traffic moving from east to west and 90th Street traffic moving from west to east. The streets will be marked with paint to designate the pedestrian area as well as the green/parking area. The test is scheduled to begin in early December and run for a period of 60 days. At the end of the test period, staff will present a report to the Town Commission.</p> <p>The new streetscape testing was initiated December 14, 2017. E. National Police Appreciation Month

May is the month where the Nation celebrates Memorial Day and National Police Appreciation Month.

In 1962, President John F. Kennedy signed a proclamation which designated May 15th as Peace Officers Memorial Day and the week in which that date falls as Police Week. Currently, tens of thousands of law enforcement officers from around the world converge on Washington, DC to participate in a number of planned events which honor those that have paid the ultimate sacrifice. The Memorial Service began in 1982 as a gathering in Senate Park of approximately 120 survivors and supporters of law enforcement. Decades later, the event, more commonly known as National Police Week, has grown to a series of events which attracts thousands of survivors and law enforcement officers to our Nation's Capital each year.

Locally there are several events to honor the men and women of law enforcement.

The Law Enforcement Officers Memorial was established in 1980 to honor fallen officers from every police department and law enforcement agency within Miami- Dade County. In 2001, four black granite walls were erected; etched with the names of the gallant men and women who died serving the citizens of their community.

The Eternal Blue Line Flag will be flown over Surfside Town Hall in the honor of the fallen officers for the month of May.

F. FBI- LEEDA Trilogy Award

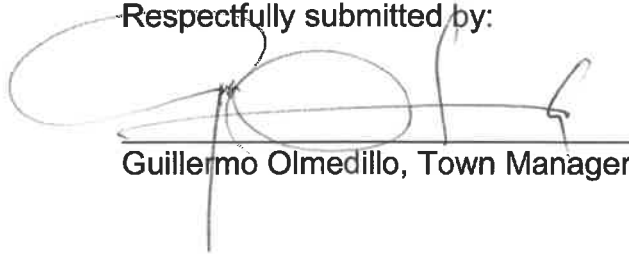

Sergeant Marian Cruz successfully completed the FBI-Law Enforcement Executive Development Association's (FBI-LEEDA) Supervisor Leadership Institute training, Command Leadership Institute training and Executive Leadership Institute training and received the prestigious FBI-LEEDA Trilogy Award on April 19, 2019.

MEMORANDUM

To: Guillermo Olmedillo, Town Manager
From: Rachel Pinzur, Public Information Representative
Date: April 30, 2019
Subject: April Social Media (Nextdoor) Report

In April, the Town's Public Information Representative (PIR) continued to monitor and post content to Nextdoor in an effort to keep Surfside residents on the platform informed about Town news, special notifications and upcoming events. As part of the Town's communication strategy, the PIR aims to provide residents with helpful and positive information. Nextdoor is only one of several communication channels used to reach residents.

Over the month, Nextdoor posts included reminders of community events such as the final Third Thursdays Block Party of the season, the Police Department's Bike with the Chief, Coffee with the Cops, Blood Drive, Shred-A-Thon and Prescription Drug Disposal events, and for community meetings, such as the Regular Town Commission Meeting. The Nextdoor content strategy also included promotions of community initiatives, such as the Higher Education Scholarship Fund, the Wyland National Mayor's Challenge for Water Conservation and the Arbor Day Tree giveaway. The PIR also assisted the Surfside Police Department with additional community awareness notices. Furthermore, residents received notifications of important updates through the Town website, e-blasts, Channel 93 and the Gazette.

In the month of April, the Town's Public Information Representative posted 42 messages over the course of the month. There are currently a total of 1,031 verified Surfside residents in the Nextdoor community.

It is important to reiterate the Nextdoor platform is not a replica of the Town's website and Gazette and should not be viewed as such. To that end, information presented on Nextdoor often refers back to the Town's primary communication tools. The Town encourages residents to find information on the Town's website (www.townofsursidefl.gov) and/or by contacting the Town directly.
